Excellent Verbal Communication

OBJECTIVE

Front End Developer with a proven ability to collaborate effectively with senior developers while spending extra time to be mentored . With a Passion for both personal growth and for software development, I attended 1000+ hours bootcamp to learn new languages while sharpening existing skills. Ready to apply my coding skills to a talented engineering team to develop quality solutions.

EXPERIENCE

Verdure infrastructure solution

June 2022 - November 2022

Front-end developer

I have done my internship at this company on languages like Css, html, javascript. Where I designed websites,login and registration forms, responsive templates. I learnt the role of bootstrap and jQuery in web designing and worked in a team also, where I designed home page , login page and registration page of our projects.
